

E G CARTER & CO LTD

## Vision Statement

The partner of choice for all construction services.

## Mission Statement

To uphold a leading reputation in high quality construction, delivered through a dynamic, seamless and trusted service, drawing on an innate sense of traditional values and family culture.

## Company Statement

E G Carter & Co Ltd is a family owned Building Contractor providing a modern construction service with an underlying sense of tradition, value, and history.

We value our past, and recognise the need to invest for the future, to support a Company that grows stronger through each generation.

Operating as the Partner of Choice - We are a Company that strives to deliver a dynamic, seamless and trusted construction service, supporting our clients, our people and our communities.

Our goal is to create a truly professional image, capitalising on demand across the South of England and beyond. Setting leading standards in quality, service and safety.

We commit to our clients from the inception of a construction project through to and including a gold star aftercare service.

We steer our own objectives creating a blueprint that puts people at the heart of our business, they define our philosophy.

The Company will continue to invest in making our environment the best and safest place to work, to inspire employees to achieve their personal ambitions with us.

We constantly monitor and evaluate our service as we strive for ever improved performance.

Sustaining awareness and brand recognition within the sectors we operate, our activities and principles will continue to be delivered to the highest standards through carefully resourced specialist Divisions, allocating the best team to our clients each and every time.
